WE most heartily endorse what Pres. McKinley says in his message to congress about good roads. A plan has already been submitted to Sec'y Wilson and indorsed by him that will help greatly in the education of the people on this vital subject. The plan is to build a quarter of a mile of model road in four parts of each state during next year, to be paid for by the Federal Government. Pres. W. H. Moore, of the National Good Roads and Irrigation Congress, has drafted a bill for this purpose and is asking a appropriation of \$150,000 to carry on the work. Mr. Stuyvesant Fish, Pres. of the Illinois Central railroad, has written a letter to Mr. Moore in which he says:—"I do not know much about irrigation, but I do know that the absence of good roads is costing the people of this county annually about as much as they pay for all the freight transported by all the railroads." Now Mr. James I. White, Capt. Jim Adams, James M. Crawford, Tom Cherry, Harry Blazer, Green Fish, U. G. Baker, and a host of others, take courage for we have virtue in our cause and we will finally win.

CHAIRMAN Payne rescinded his call for a meeting of the House Ways and Means Committee at Washington Saturday to consider the war revenue reduction bill. The real reason for the postponement is that further information is desired as to the feeling of Republican members of Congress, and it is considered probable that a party caucus may be in the near future. It develops that the brewing interests are making serious protests to the committee against continuing the beer tax while there is complaint in various other quarters.

THE Administration plan as to Cuba is said to be a limited republic—dependent as to local affairs, but an American dependency so far as relations with the outside world are concerned. This subject was considered by the Cabinet Friday, and President McKinley is believed to have about determined upon this policy. All the foreign and diplomatic negotiations are to be made through Washington if the plan goes through, and the fortresses and principal ports are to remain under American control, at least for a limited time.

JUDGE Vincent Boreing, of our sister county of Laurel, has had a very perplexing question to solve. His daughter, Mrs. Young, and his great political chum and editorial writer, A. R. Dyche were applicants for the post office at London. Last Tuesday the Congressman settled the contest by recommending Mr. Dyche.

TWICE in the last few months has Mr. Justice Harlan, of Kentucky, shown completely that he is unworthy of the great Judicial ermine that he wears. A partisan judge delivering only partisan opinions. It is a great pity that he does not realize the importance of his exalted position and how far away it ought to be from political prejudice. He is even foolish enough to write a dissenting opinion in the "Jim Crow" car case.

SENATOR Stewart has introduced a bill providing for a Philippine Supreme Court of five judges. The bill provides that an appeal can be taken from their decision to the Supreme Court of the United States by a writ of error.

ATTY. Geo. Denny, of Lexington, wants to put a stumbling block in the way of a decision from the present Court of Appeals in the Powers case. In the minor contest cases, the attorneys have filed several affidavits before the court to the effect that at the time of the submission of the case on their merits, they objected to the submission and wanted the record to show that objection.

Last Tuesday the Republican State Central Committee met in Louisville and had as Ex-Gov. Bradley says, "a love feast." The newspaper reporters were excluded but the doings of the committee crept out through the keyholes and crevices. The eloquent Bradley spoke and was followed by Judge J. H. Tinsley, of Barbourville. Mr. Bradley says the question of congressional contests was not mentioned.

The burned district at Fulton will be rebuilt at once. The heaviest loser was W. W. Meadows. He will have plans drawn this week for his new block. The majority of the losers will rebuild at once and resume business.

Pneumonia Prevented.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts pneumonia." For sale by Theo Wesley Druggist Mt. Vernon.

"About five years ago I was troubled with catarrh of the lower bowel," says C. T. Chisholm, 484 Dearborn Ave., Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by Theo Wesley Druggist Mt. Vernon.

IN CONGRESS.

At noon Monday the Fifty-sixth Congress began its second session under unusually interesting circumstances. President's message was communicated to both houses. Its most striking feature is an exhaustive review of the Chinese situation. There is the usual recital of our benevolent intentions toward the Philippines, and a recommendation of an army of 100,000 and a reiteration of the necessity of passing Hanna's Shipping Subsidy Bill for the relief of 'desolate millionaires.'

The first bill in the House was a blow at the South. It was introduced by Representative Crum-packer, of Indiana, and provides for a reduction of the congressional representation from Southern States.

The Root Army Bill got in early and will be pushed through at railroad speed.

The Fifty-sixth Congress convened for the short session Monday. The President's message was received in both houses. Senator Dillingham was sworn in to succeed Senator Morrill, of Vermont. The Senate transacted no other business. Several new members of the House were sworn in. Among the new bills introduced in the House was one by Mr. Crum-packer for the reapportionment under the new census and the reorganization of the army. A resolution applauding the efforts of Paul Kruger was offered by Mr. Fitzgerald.

The Democratic members of the House held a caucus Monday to discuss the course to be taken with reference to army legislation. There was considerable diversity of opinion, and no action was taken.

Representative Boreing is already at work on his bill dividing the State of Kentucky into two judicial districts, and saw several members of the Judiciary Committee in relation to the measure.

Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food.

You can do the same. It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

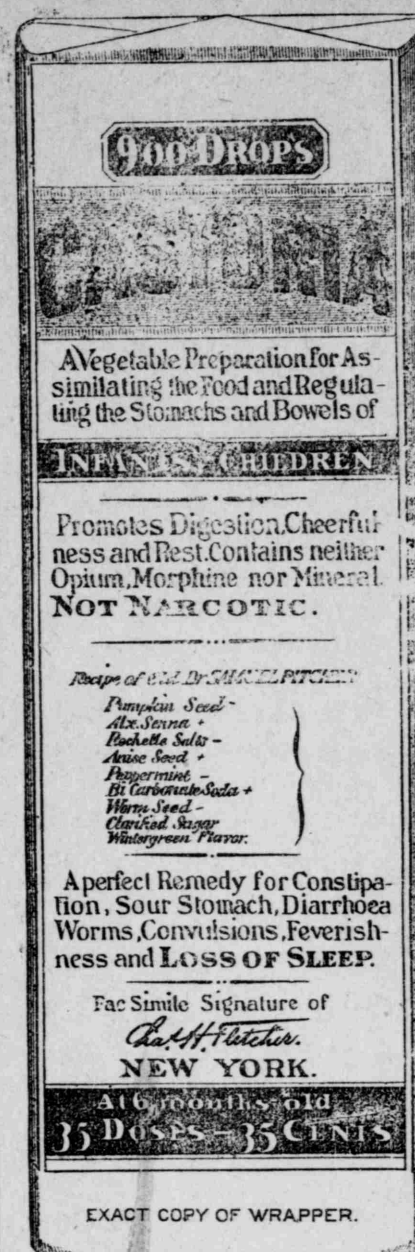

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 50c, and \$1.00; all druggists.

I have concluded to run a first-class boarding house and ask the patronage of the public. Pupils are especially wanted. All pains will be taken for their comfort. Reasonable prices. Call on me at my home and get information in regard to same. Respectfully, MRS. WILLIS ADAMS.

A BEAUTIFUL FACE

No woman can have a beautiful face without health, and few women possess such perfect health as those who regularly use

C. F. P. GERSTLE'S FEMALE PANACEA.

Of Miss P. Evans, of Columbia, S. C., says: "It is undoubtedly the finest female restorer on earth. Miss Carrie J. Holmes, of Blanchard, La., says: 'May God bless you; your G. F. P. (Gerstle's Female Panacea) cured me and made me the happiest girl in America.' Harriet Martin, of Seavey, Ark., writes: 'My health has been restored by G. F. P. I never expected to be as well as I am today.' James P. Hunter, living in Laurens, S. C., writes: 'For six years I suffered from female complaints. Doctors and medicines did me no good. I suffered terribly from whites. G. F. P. has cured me.' Mary A. Hunt, of Marion, Ark., says: 'One bottle of G. F. P. cured me. And so we find in case after case that for an indefinite period, it is sufficient to say that G. F. P. Panacea will permanently cure any instance of female trouble, even the most stubborn cases, and has resisted doctors and all other treatment.' Write to the LADIES' HEALTH CLUB, Chattanooga, Tenn., care L. Gerstle & Co. for free advice concerning your case.

Politics and Politicians

The newly elected Democratic Committee for Anderson county perfected its organization by electing G. G. Speer chairman and N. F. Witherspoon secretary.

The newly elected Democratic Committee of McLean county elected W. T. Miller chairman and B. P. Drake secretary and treasurer. They called a Democratic primary for March 2. Resolutions were passed requested Daviess county to yield the senatorship to McLean county.

John G. Wooley, prohibition candidate for Pres., received over 500,000 votes.

Gov. Durbin elect, of Indiana, has assured the friends of Charles Finley and W. S. Taylor, that no requisition, form Gov. Beckham, for their return to Kentucky, would be honored.

Deboe wants to be re-elected to the U. S. Senate.

The Legislature, of New Jersey, is 62 to 19 in favor of the republicans.

The second regiment K. S. G. will attend the inauguration, of Gov. Beckham, Dec. 12th.

Capt. E. W. Lillard has authorized the announcement that he would be a candidate for the Democratic nomination. He says it is Boyle county's turn; to use his language, "Casey having furnished two nominees, Boyle, Lincoln and Garrard one, since 1881, and Lincoln and Garrard since Boyle had one."—[Advocate.

ALWAYS TOOK FOOD BEFORE PLEADING.

Dr. Branton, one of the most famous physicians of London, tells of a patient of his who was a noted barrister and who always took a full dose of cod liver oil before pleading a case. This barrister did not believe in stimulants, and never used them while engaged in mental labor. Yet he always took his dose of cod liver oil because he said it rendered his mind much more active. Without doubt cod liver oil is a most remarkable food, especially when partly digested as it is in Scott's Emulsion. It certainly strengthens the memory and feeds and builds up the whole nervous system to a most remarkable degree.
